Maisons du Monde Hotel and Suites: a stylish and welcoming new address in the heart of Nantes

ON THE OCCASION OF THE EQUIPHOTEL SHOW, MAISONS DU MONDE AND VICARTEM ANNOUNCE THE OPENING IN SPRING 2019 OF A NEW, UNIQUE, AUTHENTIC AND DESIGNER HOTEL CONCEPT...
IN ORDER TO "FEEL AS IF YOU WERE AT HOME, BUT EVEN BETTER! "

A genuine showcase for the expertise of Maisons du Monde and its Professional Service, this 4-star hotel complex will be located in the heart of the historic centre of Nantes, at 2 bis rue Santeuil, and will feature 47 hotel rooms.

This project is a result of an encounter between innovation and style enthusiasts: Céline and Sébastien Meslin - founders of the Vicartem group, an expert in the high quality independent hotel trade - and the teams of Maisons du Monde, a creator of inspiring furniture and decoration universes. Together, they have designed a hotel that will reflect the Maisons du Monde lifestyle: a place that combines inspirations, conviviality and elegance.

The complex will offer different styles of rooms meticulously fitted out by Vicartem and the Maisons du Monde Professional service. Looking for exoticism, naturalness, classic chic? Visitors will be able to make their choice according to their mood and their personality! A total of five room styles that allow guests to start their journey and enjoy a change of scenery in this new hotel in the heart of Nantes, a city of openness and culture.

As soon as you enter the hotel, design and well-being will be on the programme: here, there is no lobby but a warm reception similar to a living room, where furniture, decorations and plants delicately join

forces in an ambience of black, grey and white. Further on, a "cosy-cool" and refined lounge in a contemporary setting will welcome visitors according to their wishes at different times of the day. Designed for a multitude of uses - breakfast, co-working and after-work events, reading or a drink before bedtime - it will offer guests and local residents a service all day long with refined and local products. With its bar, its kitchen area, its library and its large welcoming tables, the place offers guests, whether family, friends, or business relations, the chance to relax, meet and chat.

In short, everyone will "Feel as if they were at home, but even better!"
