On 29 September, Maisons du Monde will open its 41th store in Italy with a 2574 m² concept store!

On the occasion of this opening in Bari Casamassima, Maisons du Monde and Eataly decided to join forces to celebrate the good taste and the art of living. On presentation of a flyer, customers of these two brands will be entitled to a surprise!

So many styles, for all tastes!

From furniture to decorative accessories, Maisons du Monde creates original, inspiring concepts for the whole home, and to suit all styles. Our watchword for the past 20 years? Your style, we've got it!

So many styles made for you!

We are one of the only brands to have our own style consultancies. Throughout the year, our design teams capture the latest global trends to create exclusive collections of furniture and decorative accessories. This is why you'll only find them at Maisons du Monde...and of course in your home!

Our commitments

With our Corporate Social Responsibility programme "Committed Together", we are committed to promoting sustainable trade. We strive every day to offer an increasingly responsible product range (traceability, certification, ecodesign). Through our Foundation, and as members of "1% for the planet", we support several social and environmental projects with various NGOs active in the field.

Easy access to all our concepts

You can quickly and easily view all our ambiances and concepts in our stores, in our catalogues or on our website.

Follow us on Facebook, Twitter, Instagram and Pinterest too!

All this makes Maisons du Monde a truly unique brand that is constantly evolving, and an authentic style-setter!
